§90.1 Scope and applicability.

These rules prescribe the administrative procedure available to States and units of local government to challenge the current estimates of population or per capita income developed by the Bureau of the Census.

§90.2 Policy of the Bureau of the Census.

It is the policy of the Bureau of the Census to provide the most accurate population and per capita income estimates possible given the constraints of time, money, and available statistical techniques. It is also the policy of the Bureau to provide States and units of local government the opportunity to challenge these estimates and to present probative evidence relating to the accuracy of the estimates.

15 CFR Subtitle B, Ch. I (1-1-05 Edition)

§90.3 Definitions.

As used in this part (except where the context clearly indicates otherwise) the following definitions shall apply:

(a) *Bureau* means the Bureau of the Census, Department of Commerce.

(b) *Challenge* means, in accordance with this part, the process of objecting to or calling into question the Bureau's population or per capita income estimates of a State or unit of local government by that State or unit of local government. A demand for adjustment to the General Revenue Sharing Act, Pub. L. 92-512, section 102(b), as amended (31 U.S.C. 1222(b)) does not constitute a challenge within the meaning of this part.

(c) *Director* means Director of the Bureau of the Census, or an individual designated by the Director to perform under this part.

(d) *Estimate* means a statistically derived intercensal population or per capita income figure prepared to update earlier census figures.

(e) *State* includes the District of Columbia.

(f) *Unit of local government* means the government of a county, municipality, township, place, or other minor civil division, which is a unit of general government below the State.

§90.4 General.

This part provides a procedure for a State or unit of local government to challenge the population or per capita income estimates of the Bureau. The Bureau shall receive these challenges and attempt to resolve them informally with the locality. If the challenge is not resolved informally, the challenging State or unit of local government may then, at its option, proceed formally.

§90.5 When an informal challenge may be filed.

An informal challenge to the population or per capita income estimates may be filed any time up to 180 days after the release of the estimates by the Bureau of the Census. Publication by the Bureau of the Census and simultaneous publication of a release notification in the FEDERAL REGISTER shall constitute release. A challenge to any
